## Volusia County Schools Device Refusal Letter

Volusia County Schools respects families' rights to make educational decisions for students. Volusia County Schools will provide digital access to your student to complete their schoolwork in person or via remote. It is strongly recommended that families check out the district provided device from their school.

Each student is afforded the opportunity to receive a high-quality, durable device from Volusia County Schools. The student device will serve as a hub for Volusia County Schools' instructional materials, software programs, and digital resources. Some of these resources, may not be available and fully functioning on a personal device. It is important to note; the laptop must be logged in with a Volusia County School ID and is etched with Volusia County School information. It is of little value for theft and cannot be reimaged or resold. Students will not be charged for normal wear and tear of the device.

**Please acknowledge below that you refuse to accept the device being provided by the district.**

*I request that \_\_\_\_\_; student alpha \_\_\_\_\_, opt out of Volusia County School's 1:1 Technology program. I understand that by opting out my child will be responsible for transporting his/her device and charger, to and from school, every day to complete schoolwork. In the event that proprietary software is necessary to facilitate the district 1:1 program, I consent to the district installing such software as necessary.*
