Mission Statement

If collaborative teams are committed to data driven practices that lead to deliberate, student-centered decisions, then achievement will increase.

Course: Health Science 1

Course Description: The purpose of this course is to provide students an overview of the human body, both structurally and functionally with emphasis on the pathophysiology and transmission of disease.

Course Pacing:

<table>
<thead>
<tr>
<th>Dates</th>
<th>Content Standard/Unit</th>
<th>Learning Targets/Topics To Be Covered</th>
</tr>
</thead>
<tbody>
<tr>
<td>1st 9 weeks</td>
<td>Human Body Overview/Biochemistry</td>
<td>Structural/Functional organization of body, Body Planes, Directional Terms, Body Positions, Periodic Table, Compounds, Diffusion, Building blocks of chemical process in body</td>
</tr>
<tr>
<td></td>
<td>Cells &amp; Tissues</td>
<td>Cell structure/function of healthy and diseased tissue, Tissue types, Identification of tissues using micro/macro designation</td>
</tr>
<tr>
<td></td>
<td>Disease Transmission</td>
<td>Genetics, Heredity, Homeostasis, Direct/Indirect causes of disease, DNA</td>
</tr>
<tr>
<td>YEAR LONG</td>
<td>Communication</td>
<td>Medical Terminology</td>
</tr>
</tbody>
</table>

Content Standards/Academic Goals: By the end of the course, you must demonstrate the ability to:

1. Discuss and describe a brief overview of the human body including organization and chemical process.
2. Identify cells and tissues microscopically and macroscopically and discuss their function in the human body.
3. Identify and explain factors relating to the transmission of disease.
4. Identify and discuss the structure and function of each body system in relation to health and disease.
5. Communicate effectively as part of the health care team.

Textbooks: Applied Anatomy & Physiology-A Case Study Approach (Replacement Cost $49.95)
Students will utilize the textbooks in the classroom setting. Students will NOT have to check out textbooks from the DHS BOOKROOM, as we will have classroom sets. Should a student need to make-up work due to illness or absence, they can check-out a book and return the book when their work is complete.

Grading Policy: Students will be graded on their consistent demonstration of proficiency of the content standards for the course. If needed, students will receive interventions when necessary and have multiple opportunities to demonstrate proficiency. As students complete the intervention activities and demonstrate proficiency, the M’s will be replaced in Pinnacle with the students’ most recent grades. If a student doesn’t show proficiency in one or more of the content standards, the results will be an “M” (Missing); this will turn into an F if proficiency is never met. Students have to accomplish all Content Standards to earn course credit.

Students and Parents are required to utilize Vportal to access and keep abreast of their academic standing in all classes. The chart below represents how students will acquire grades based on the DeLand High School Proficiency Model.
Directions for using VPortal:
Please check Pinnacle for student grades and attendance. You can get password information by contacting the School Counseling clerk at ext. 23310. Below are directions for accessing Pinnacle once you have a password.

1. Go to the Volusia County Schools Website
2. Click on “Parents & Students”
3. In the Application box on the left, click on the VPortal icon.

DeLand High School will use the VCS grading scale for summative assessments of content standards:

<table>
<thead>
<tr>
<th>Grade</th>
<th>Range</th>
<th>Quality Points</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>A</td>
<td>90 – 100</td>
<td>4.0</td>
<td>Outstanding Progress/Mastery</td>
</tr>
<tr>
<td>B</td>
<td>80 – 89</td>
<td>3.0</td>
<td>Above Average Progress/Mastery</td>
</tr>
<tr>
<td>C</td>
<td>70 – 79</td>
<td>2.0</td>
<td>Proficiency</td>
</tr>
<tr>
<td>D</td>
<td>60 – 69</td>
<td>1.0</td>
<td>Passing</td>
</tr>
<tr>
<td>F</td>
<td>0 – 59</td>
<td>0</td>
<td>Failing</td>
</tr>
</tbody>
</table>

Teacher’s Authority to Override Final Grade: A teacher may override the final grade if a student’s overall performance warrants it. Before the grade override is finalized, the teacher must notify the parent/guardian concerning the student’s performance if the override may result in a lower final grade. The teacher may issue a failing grade override based on the student’s overall performance only with the approval of the principal. This refers to the final grade of the grading period, or the final grade for the course.

Students who score less than 60% on an assessment will receive an M (Missing) on their interim or report card. M’s will be changed appropriately (A, B, C, D, or F) by the end of each semester.

Formative work (including, but not limited to, class work, homework, quizzes, essays, presentations, and projects) will be used as tools to gauge each student’s progress before the assessments. Students must complete at least 70% of formative assessments before they will be allowed to attempt the summative assessment.

Progress on formative work will be recorded using M (Mastery: = 90-100%), P (Proficiency: 70-89%), I (In-Progress: 069%) and Z (work to be made up).

Submission and Make-Up Policies: Students are to adhere to all deadlines when submitting formative and summative work. Any student needing to make-up work during school hours can arrange a time/day with the teacher, or attend a scheduled success session after-school hours. Students may elect to re-take an assessment, if they score a “B” or lower on any assessment. Re-Assessments must be completed within 15 school days. Students are required to create and submit an intervention plan (along with the teacher) to demonstrate they are “ready” to re-take an assessment by the end of the 15 day period. Students are allowed to retake one Summative per 9 weeks.

Success Sessions: Students may make arrangements, on an individual basis, to receive help in better understanding the curriculum. Success Sessions will be available on Early Release Wednesday’s from 2:30-3:30pm, unless the teacher has mandatory professional development workshops or meetings. See teacher for an appointment!

Honor Code: In an effort to maintain academic integrity, students are responsible for completing, producing, or turning in their own work. Students found to be in violation of completing, producing, or turning in their own work may receive a discipline referral and be subject to any and all discipline action. Students who are members of special programs, academies, clubs/groups, or sports teams may receive additional consequences. Cheating is a Level 2 discipline infraction and will result in a referral. Students who are caught cheating will receive an “M” on the assessment/assignment and will be required to complete academic intervention before being allowed another attempt at demonstrating proficiency.

Mission Statement
If collaborative teams are committed to data driven practices that lead to deliberate, student-centered decisions, then achievement will increase
Mission Statement

If collaborative teams are committed to data driven practices that lead to deliberate, student-centered decisions, then achievement will increase

Classroom Expectations: As a student in this classroom, you are held to the following general rules and the code of conduct established by DHS and Volusia County Schools:
1. Please be ON TIME everyday to class. You should be in the classroom when the bell rings.
2. Please participate and complete all assigned work (worksheets, projects, discussions, etc).
3. Act responsible and mature at all times and behave appropriately.
4. Respect all individuals, and their opinions/beliefs, within the classroom setting.
5. Please put ALL electronic devices out of sight/away (i-pods, Cell Phones, Apple watches, Electronic Games, etc.).

Materials Required: Students will need to purchase at least a 2 INCH THREE RING BINDER and COMPOSITION NOTEBOOK; where they will place ALL of their work. In addition, students need to have on hand each day notebook paper and a pen/pencil.

I am looking forward to working with you this year. If you or your parents have any concerns or questions, please contact me via e-mail at kdashfor@volusia.k12.fl.us, via phone at (386) 822-6909 ext.23408, or feel free to schedule a parent conference through our School Counseling Department at (386) 822-6909 ext.23310.

As DeLand High School embarks on a new way of assessing student learning, parents and students should know that this methodology allows for the student to receive additional assistance from their teachers to encourage them to be successful in the academic course. As a teacher with a very hands-on course, this new methodology means not only knowing what to do in certain scenarios and situations, but also how to perform the identified skill in the scenario or situation. Students will have more than one opportunity to demonstrate proficiency, if necessary. Students will be assigned formative work (mini assignments) that prepare them and lead up to summative assessments (final test, skill performance, project, etc.). Final course grades will be solely determined by showing proficiency in the content standards based on their summative assessment.

Please complete, sign, and return the following section to Ms. Ashford by Friday, August 23rd, 2019.

THANK YOU,

Katy Ashford
Internet Permission: Please initial/check one.

___ My student has my permission to use the Internet for school assignments.

___ I prefer that my student use alternative reference sources and not use the Internet.

Movie Permission: Please initial/check one.

___ My student has my permission to view and study medical related videos related to the course curriculum. All videos are used for educational purposes.

___ I prefer that my student be provided alternative assignments.

I have read and understand the rules and requirements of the Medical Skills & Services course. At any time, please feel free to contact me if you have any questions, concerns, or comments regarding your student.

Content Standards / Academic Goals: By the end of the course, you must demonstrate the ability to:

1. Perform CPR and basic first aid.
2. Perform basic health skills.
3. Perform basic patient care skills.

Mission Statement

If collaborative teams are committed to data driven practices that lead to deliberate, student-centered decisions, then achievement will increase.
4. Discuss the history, trends, governmental impact, and the organizational levels found in health care.

5. Demonstrate safety and infection control practices to protect both the patient and myself.

6. Demonstrate proper medical legal and ethical decision-making skills.

7. Educate patients about the importance of wellness and nutrition.

8. Describe aspects related to growth and development of my patients.

9. Demonstrate skills necessary for obtaining of my patients.

10. Discuss the National Health Care Career Standards for my chosen health care career.

11. Use technology in health care through my computer modules.

12. Communicate effectively as part of the health care team.

14. Actively participate in my HOSA chapter and community.

**Textbooks: Health Science Technology Textbook (Replacement Value - $48.95)**

Students will utilize the textbooks in the classroom setting. Students will NOT have to check out textbooks from the DHS BOOKROOM, as we will have classroom sets. Should a student need to make-up work due to illness or absence, they can check-out a book and return the book when their work is complete.

**Textbooks: Applied Anatomy & Physiology-A Case Study Approach (Replacement Cost-$49.95)**
