AFJROTC Ranks

There are two types of ranking systems:

- **ENLISTED** ranks: Airman Basic - Chief Master Sergeant
- **OFFICERS** ranks: Second Lieutenant- Colonel.

Among the enlisted ranking system there are three further classifications. **Airman ranks** (Airman Basic – Senior Airman), **Non-Commissioned Officers** or known as NCOs (Staff Sergeant- Tech Sergeant), and **Senior NCOs** (Master Sergeant – Chief Master Sergeant).

*If a Senior NCOs rank has a diamond in the middle it means they hold the rank of First Sergeant.

**Disclaimer:** Airman Basic has no actual physical rank therefore it is not on the chart, but it still exists.
Uniform Standard

Female Hair

❖ Female Hair has no minimum length, but it has a maximum hair bulk of **3.5 inches** from the scalp. Hair may begin to gradually taper from one inch in length to 1/4 inch in length approximately three inches from the hairline. (swiped hair or bangs can not touch either eyebrow.)
❖ Hair will end above the bottom edge of the collar and any side of an invisible line drawn parallel to the ground. Hair will not touch either eyebrow.
❖ CHWP uniform, will be pinned-up with no loose ends (ex. ponytails).
❖ Braids, micro-braids, and cornrows are authorized. However, they must be a natural color for the individual's hair color; conservative and not present a faddish appearance.
❖ Prohibited hairstyle examples are mohawk, mullet, or etched design.

Male Hair

❖ Hair will not exceed **1 1/4 inch** in bulk, regardless of length and 1/4 inch at natural
❖ Termination point: allowing only closely cut or shaved hair on the back of the neck to touch the collar.
❖ Hair will not touch the ears or protrude under the front band of headgear. Cleanly shaven heads, military high-and-tight or flat-top cuts are authorized. Prohibited hairstyle examples are mohawk, mullet, cornrows, dreadlocks or etched design.
❖ Male cadets may have mustaches; however, they will be conservative, not extreme and will not extend downward beyond the lip line of the upper lip or extend sideways beyond a vertical line drawn upward from both corners of the mouth.
❖ Sideburns are authorized but will be straight and even width and will not extend below the bottom of the orifice of the ear opening.
Jewelry/Nail Polish

❖ A modest watch (black, brown, silver or gold), one modest bracelet, and a maximum of three rings square or circle are permitted for males and females.
❖ Females are permitted to wear one pair of small round or square, gold, silver, diamond, or pearl earrings. Cadets are permitted to wear necklaces if they are NOT visible.
❖ Tongue, nose, lip, eyebrow, or ear piercings anywhere other than on the lobe, are NOT permitted in any uniform.
❖ Nail polish of “extreme color”, such as purple, gold, black, blue or any fluorescent color is prohibited. Nail polish should be conservative in color such as taupe, light pink, or a French tip manicure.

Shoes & Socks

❖ Male and female cadets with the issued shoes MUST wear tall black socks.
❖ When wearing the skirt, females MUST wear Pantyhose that are neutral, dark brown, black, off black or dark blue shades that complement the uniform and your skin tones.
❖ Females have the option of the issued shoes, which hold the same standards as the males, but also shined flats (slip-on) or heels (pumps no higher than 3 inches) are authorized. NO faddish styles (extreme toes, pointed or squared, or extreme heel shape).

*Shoes must always be shined at high gloss.

Uniform Types

❖ The Service Dress uniform consists of the service coat, long or short sleeve blue shirt, necktie/tabs, and pants or skirts. All insignia, ribbons, badges, name tags, and cords (left shoulder) must be worn on the service coat.
❖ The Service Uniform combination consists of the short sleeve shirt and the blue slacks/skirt. The shirt must be tucked into the slacks/skirt unless a female cadet is wearing the princess cut shirt.
❖ The Service Plus uniform is service uniform but it must be worn with necktie/tabs
❖ If cadets choose to wear the long sleeve blue shirt, they MUST wear a tie/tab and ribbons.
Gig Lines & Skirts

❖ The gig line aligns the shirt, belt buckle, and fly on the pants. The belt is threaded through ALL the loops to the left of the body for males, to the right of the body for females. When buckled, only the metal tab on the tip of the belt will show.

❖ The skirt MUST be no shorter than the top of the kneecap nor longer than the bottom of the kneecap. Pantyhose must be worn with the skirt (see shoes and socks section for specifics).

Nametags

❖ On the Service Dress coat, the name tag for both male and female uniforms MUST be centered on the right side between the arm seem and lapel with the bottom edge parallel to the top of the welt pocket

❖ On the Service uniform, the female name tag is to be centered on the right side even with 1 1/2 inch higher or lower than the first exposed button. The female’s anatomy will help to decide whether it should be below or above the first exposed button.

❖ On the Service uniform the male name tag should be centered on the right side between the top of the upper right pocket and the pocket button.

PT Uniform

❖ While wearing the PT uniform, adherence to the dress and appearance standards such as facial hair, hair bulk, headphones, jewelry, gum, and other Air Force standards MUST be adhered too.

❖ Except (CHWP) uniform for females, hair lengths that would be below the bottom edge of the collar will be pinned-up with no loose ends (ex. Ponytails).

❖ CHWP days are designated to be on Fridays unless told otherwise.

❖ The CHWP uniform consists of the following: JROTC shorts, JROTC shirt, athletic shoes, hat, and water bottle.

❖ Wearing the improper uniform or not having your CHWP uniform will result in a ZERO for the day.
Airman Battle Uniform (ABU)

❖ ABUs are given to cadets by the discretion of the SASI or ASI.
❖ ALL hair, jewelry, nail polish, and Air Force standards are required while wearing this uniform.
❖ Blouses MUST always be worn except for the JROTC compound.
❖ Failure to wear ABUs or wear them properly may result in them being taken away.

Miscellaneous

❖ Headphones are not to be used while in uniform. (travel, bus/car/etc.)
❖ ALL loose threads MUST be trimmed off.
❖ Hands are to be kept OUT of all pockets.
❖ Gum is NOT permitted while in uniform.
❖ NO Public Display of Affection (PDA) like kissing, holding hands, or hugging is allowed in any uniform.

Drill Basics

❖ Drill: The orderly movement of a formation from one place to another.
❖ Parts of a Command: There are two parts of a command, the PREPARATORY COMMAND and COMMAND OF EXECUTION. For example, when giving the command “forward march”, “FORWARD” is the preparatory command (command preparing what to do) and “MARCH” is the command of execution (telling you to execute the command).
❖ Commands: All commands MUST be called from the position of attention. When calling commands, the cadet should use their diaphragm to better pronounce commands.
❖ Stationary Movements: The drill positions of attention and parade rest are two examples but are not the only ones. Some commands, such as present arms and order arms, can be stationary movements as well as left, right, and about face.
❖ Marching the Flight: Drill movements/commands MUST be given at the position of attention. When given the command to march you must step off on your left foot and stay on step with the other cadets in your formation. Staying on step means that your left or right foot is striking the ground at the same time.
❖ Fall In and Fall Out: To fall into any formation the command “fall in” must be given. To leave any formation the command “fall out” must be given.
Important History and Knowledge

- **Air Force Birthday:** On **September 18th, 1947** the United States Air Force officially became an independent service.
- **FL-023 Birthday/ AFJROTC Birthday:** The first AFJROTC programs were opened in **1966**. The Deland High School AFJROTC unit was created in **1967**.
- **Air Force Colors:** The colors that represent the Air Force are **Ultramarine Blue** and **Air Force Yellow**.
- **AFJROTC Lamp and Arrows:** The lamp on the AFJROTC patch means knowledge. The arrow on the AFJROTC patch means looking to the future.
CHAPTER 2: AFJROTC PROGRAM BASICS

WHAT IS AFJROTC?

❖ AFJROTC, which stands for Air Force Junior Reserve Officer Training Corps, (pronounced "core") is a program designed to develop citizens of character dedicated to serving their nation and community. **AFJROTC is NOT a military recruiting program.**
❖ AFJROTC is instructed by the Senior Aerospace Science Instructor (SASI) and the Aerospace Science Instructor (ASI) and led by cadet leaders.
❖ The corps helps prepare students for (1) life outside of high school; (2) to become better citizens; (3) to learn personal responsibility, leadership, communication skills; and (4) to gain a sense of accomplishment.
❖ AFJROTC is designed to be a cadet-led program, with instructors who will guide and mentor. As such, cadets "EARN" everything in AFJROTC (uniforms, grades, ranks, ribbons, positions, etc.) based on their individual and team effort.

AEROSPACE SCIENCE LEVELS (AS100-AS400)

Cadets are classified by an Aerospace Science (AS) level depending on their year in the program:
**First** year cadets = AS100 cadets  **Second** year cadets = AS200 cadets
**Third** year cadets = AS300 cadets  **Fourth** year cadets = AS400 cadets.

Grade levels (9th, 10th, 11th, and 12th) do not correspond with AS levels. For example, a 10th grade student who is new to AFJROTC will be a first-year cadet and therefore be classified as an AS100 level cadet.

For each Aerospace Science level, the following items are **MANDATORY**:

❖ The wear of the AFJROTC blue uniform one day a week, which is issued at no cost to the cadet. *(unless the cadet loses or damages uniform item(s)).* While wearing the blue uniform, adherence to dress and appearance standards as outlined in AF Instruction 36-2903 are required.
❖ The wear of the PT uniform one day a week for PT, which is issued at no cost to the cadet. *(unless cadet loses or damages uniform item(s)) Cadets must follow PT uniform standards.*
❖ The wear of the AFJROTC Airman Battle Dress one day a week, which is issued at no cost to cadets. *(unless cadet loses or damages uniform item(s)) While wearing the ABU, adherence to dress and appearance standards*
For each Aerospace Science level, the following are HIGHLY ENCOURAGED/EXPECTED:

❖ Participate in AFJROTC LDR activities (Drill Team, Color Guard, APT, Cyber Patriot, Academic Challenge, Kitty Hawk, and/or Fitness Team)
❖ Participate in AFJROTC Community Service events (parades, food/clothing drives, etc.)
❖ Attain a “B” letter grade or higher in JROTC
❖ No referrals (A/E, suspensions, etc.) No skipping.

ADMISSION, TRANSFER, AND DISENROLLMENT OF STUDENTS

Admission: To be eligible for membership and continuance in the AFJROTC program each cadet must be:

a. Selected for membership by the SASI/ASI in coordination with school counselors

b. Enrolled in/attending a regular course of instruction at Deland High School

c. 9th grade or higher

Foreign Cadet: A citizen of a foreign country (an ally of the U.S.) may participate in the AFJROTC program if a representative of that student's government provides a letter stating it does not object to such participation. Approval letters from the Principal and SASI must also be on file.

Transfer: Students from Army, Navy, or other AFJROTC units may transfer to the FL-023 program with full credit for documented training already received. This does NOT mean cadet rank attained in these programs will be transferred.

Reserve Cadet: A cadet who has completed the entire AFJROTC program or who is not currently assigned to an AFJROTC course for a semester after completing at least one year and who has been given special permission by the SASI to remain with the program. Reserve cadets may participate in all AFJROTC activities (drill team, color guard, community service, etc.) and are issued a uniform if needed for the activity. Reserve cadets are required to wear the uniform on designated Blue’s Days and present themselves for inspection to the SASI/ASI before 1st period.
Disenrollment: Cadets will be dis-enrolled from AFJROTC as determined by the SASI and the Principal. A cadet may be dis-enrolled for any of the following reasons:

a. Failure to maintain acceptable course standards: e.g. haircut, grooming, improper wear of uniform, homework, responsibility, etc.

b. Inaptitude, indifference to training, disciplinary reasons, or reasons involving undesirable character traits.

c. Failure to remain enrolled in school.

d. Failure/refusal to wear the uniform three times during the semester will result in removal and a failing grade for the course.

CADET EXPECTATIONS

Work Ethic: During your time as a cadet, you should expect to learn what it means to be a “Citizen of Character.” As AS100 level cadets, you will be closely supervised, counseled, inspected, and instructed. As AS 200/300/400 level cadets, you will be expected to assist instructors in the conduct of our program as part of your citizenship and leadership education. Your success in the program will depend on your performance and involvement.

High Standards: As a cadet you’ll have to abide by Air Force standards of: Integrity First, Service Before Self and Excellence in All We Do. You’ll have to march; stand at attention in the classroom; treat yourself and others with respect; render salutes or greetings; and abide by Air Force Instructions. Teachers, administration, and counselors expect more from AFJROTC cadets and you must deliver.

Citizenship: You will learn what this means and how to conduct yourself both in school and out of school. Being a “Citizen of Character” includes being honest, responsible, handling oneself in times of conflict, respect, having a positive attitude, high morale, and taking pride and setting the example for others to follow.

Leadership/Followership: You will learn many things about Air Force leadership, management, and followership. As AS100/200 cadets, you will learn more about being a good follower. As AS300/400 cadets, you will learn more about leadership through training and application. In the end, you will develop a strong sense of honor, pride, professionalism, attention to detail, teamwork, and sense of commitment to your flight, corps and community. To learn how, cadets will not refer to one another by first name. They will refer to each other as Cadet and Last Name or Mr./Ms. and Last Name. Cadets raise their hand and wait to be called upon to speak. Cadets include a “sir/ma’am” when speaking with instructors, and fellow cadets.
Conduct: Cadets are expected to always be respectful professionals in their thoughts, words, and actions. **NOT just when in AFJROTC compound but everywhere on campus!**

**Harassment of other cadets will not be tolerated, whether it is sexual, racial, or religious in nature.** No cadet should be subjected to unwanted comments or actions by another cadet. This is a zero-tolerance policy. Cadets cannot be punished with physical discipline of any kind while in or out of class. This includes push-ups, sit-ups, and running for the sole purpose of punishment. Hazing or initiation of any kind is strictly **forbidden**. This includes any intentional, knowing, or reckless act directed against a student for the purpose of being initiated into, affiliating with, holding office in, or maintaining membership in any organization, club, or athletic team whose members are, or include, other students. This will also include any cyber bullying which may take place during school or outside of school which directly affects the educational and learning process.

**Accountability:** You will be held accountable for your actions, both positively and negatively.
- As AS100 cadets, you will be held accountable for individual actions.
- AS 200/300/400 cadets are held accountable for themselves, and those they lead. Refer to chapter 4 of this handbook for specifics on accountability.

**Cleanliness:** Cadets will ensure that desks are in proper alignment and the area is neat and clean before leaving the classroom. Additionally, cadets will ensure all JROTC common areas, such as the office, logistics and PT portables, are neat, clean and trash is disposed of in appropriate receptacles. Cadets are **expected** to be properly groomed and have appropriate hygiene when wearing any Air Force issued uniform. The following highlights are provided to assist cadets. Please refer to AFI 36-2903 for further grooming requirements.
ENTERING THE CLASSROOM

Our unique environment and approach to education and preparedness for what lies beyond high school begins with how cadets enter the classroom. **The following procedures are provided to assist in our approach:**

1. As the cadet enters the classroom, they are to place their **planner and a pen/pencil on their desktop**, securing all other items below their desk and remain standing.
2. The cadet will then come to the position of **Parade Rest** as the final bell rings. The Flight Commander and Flight Sergeant will take their places in the front of the room, with Element Leaders locating themselves in the front of their respective row facing towards their element. When the final bell rings the element leader will go to the position of attention, do an about face and go back immediately to parade rest until Flight Sergeant's orders a report.
3. Once called to attention the Flight Sergeant will order “report.” All other cadets will stand next to their assigned seat, which corresponds to their Element Leader.
4. With the final bell, the SASI/ASI/or Flight Commander/Sergeant will begin to take attendance by either calling individual cadet’s last names or demanding the Element Leaders to report absent cadets.
5. If cadet names are called individually, the cadet will come to the position of **Attention** and answer "**PRESENT, SIR/MA'AM,**" then return to **Parade Rest**.
6. If the Flight Sergeant asks the Element Leader to report, the Element Leader will come to position of **Attention** and answer either, " **SIR/MA'AM 1st/2nd/3rd/4th ELEMENT ALL PRESENT or 1st/2nd/3rd/4th ELEMENT ALL PRESENT WITH THE EXCEPTION OF MS./MR.__________**" (provide the names).
7. The Flight Sergeant will report the missing cadets to the Flight Commander and provide that information to the SASI/ASI.
8. Once attendance is complete, the Flight Commander will say, "**face the flag**" the Flight Sergeant will then respond, “**recite the pledge**” and lead the class in the Pledge of Allegiance, followed by one or more items of the Cadet Knowledge (creed, mission, motto, core values, AF Song, etc.)

Cadets choosing to NOT recite the Pledge of Allegiance shall remain at the position of **Attention and be silent.** If asked to recite any other item, all cadets MUST participate. Upon completion, the Flight Commander will instruct the cadets to take their seats, by saying, "**SEATS.**"

Once seated, cadets are expected to sit at the position of **Attention** until given the command, "**AT EASE.**" During this time, the Flight Commander or other members of the flight will have the opportunity to provide information or make announcements. ("**AT EASE**" does not mean cadets should be slouched in their seats or talk freely).
CHAPTER 3: AFJROTC SY 2020-21 CURRICULUM

The AFJROTC curriculum consists of the following three elements and the required instruction percentages as outlined by Headquarters, Air Force JROTC

❖ Aerospace Science coursework (20%)
❖ Leadership coursework (60%)
❖ Cadet Health and Wellness coursework (20%)

The **Aerospace Science** (AS) Curriculum is the portion of the overall AFJROTC curriculum that provides insight into air and space power. The AS curriculum introduces students to air and space leaders, the development of technologies and its uses in history. In addition, the AS curriculum provides a look at how the global community works together and the importance of understanding culture and community. Lastly, the AS curriculum includes *Management of the Cadet Corps*, enabling cadets to serve as student leaders in the conduct of the overall program.

The **Leadership** (LE) Curriculum is the portion of the overall AFJROTC curriculum that develops leadership skills and acquaints students with the practical application of life skills. The leadership education curriculum emphasizes discipline, responsibility, leadership, followership, citizenship, customs and courtesies, cadet corps activities, study habits, time management, communication skills, career opportunities, life skills, financial literacy, management skills and drill and ceremonies.

The **Cadet Health and Wellness Program** (CHWP) curriculum is the portion of the overall AFJROTC curriculum that focuses on fitness, nutrition, and why maintaining a fit and healthy lifestyle is important for the future.

Based on these requirements, our weekly lesson plans will ensure we maintain the required percentages of Aerospace Science, Leadership and Cadet Health and Wellness requirements. Outlined below contains our "normal" weekly flow of events, classes, and activities.

The following courses will be assigned to cadets depending on their Aerospace Science (AS) level: To completely enjoy the benefits of a cadet led program, students of all AS levels are assigned to each class period. This allows for more experienced cadets to work with, and mentor, less experienced cadets under the supervision of the SASI and ASI.

During Academic Days, which will normally be held on Monday, Tuesday, and Thursday, the same AS or LE curriculum as outlined below, will be taught regardless of AS level. On these days, the SASI/ASI will be leading class and providing courses of instruction.

Wednesday is the expected day when the Air Force Blue Uniform in a designated combination will be worn. Friday is the designated day when the Air Force Physical Fitness Uniform (AFPTU) is expected to be worn. Deviations to these days, or uniforms, will be at the discretion of the SASI/ASI.

GRADING:

A variety of grading opportunities will be used to determine the cadet’s classroom grade. Please note that only "in-class" activities will be used to comprise the grade submitted on the report card.

Grades will include, but not be limited to:

- Uniform wear compliance (to include Dress and Appearance)
- Participation during class
- Worksheets
- Presentations
- Quizzes, exams

Grades for progress reports and report cards are as follows:

A = 90% to 100%
B = 80% to 89%
C = 70% to 79%
D = 60% to 69%
F = Below 60%

It is the responsibility of the cadet (student) to communicate with cadet leaders and their instructors during any absences. If a cadet knows he/she will be absent in advance, especially on Blues Day, they should make every effort to wear the uniform prior to the absence. Very limited opportunities are available to make up work.

It is the responsibility of the cadet to communicate with cadet leaders and their instructors during any absences. If a cadet knows he/she will be absent in advance, especially on Blues Day, they should make every effort to wear the uniform prior to the absence.
MAKE UP POLICY

Cadets are afforded one-week to complete any missing assignments. Should a cadet miss an academic day, they are to read the covered chapter and answer the questions at the end of the chapter. Should a cadet miss a CHWP day, they are to research a health and wellness article, read the article, and provide a one paragraph summary of the article. Cadets will either provide the article with their summary or provide the source of their article (e.g. URL/web site). Should a cadet miss a Blue uniform day, they are to wear the uniform the first day back from their absence.

CHAPTER 4: CADET ACCOUNTABILITY

Accountability is a major aspect of AFJROTC and life in general. A cadet may be held accountable in a positive or negative fashion depending on his/her actions. The following chapter outlines how accountability measures will be applied for FL-023 cadets.

Positive Accountability:
Accountability in a positive fashion will be recognized as cadets demonstrating behavior and attitude above and beyond what is expected and set forth by the SASI/ASI and the Cadet Leadership team. A cadet who has shown an outstanding amount of leadership and positive cadet development can be rewarded with “Cadet of the Month.” A cadet is chosen by their Flight Leadership to represent their AS level for the month.

Negative Accountability:
Accountability in a negative fashion will be brought forth and dealt with in an expedient, yet dignified manner, and serves to redirect cadet behavior and attitude. As such, it is best to resolve negative behavior and attitude at the lowest level possible. However, during certain circumstances, issues must be brought forward to the SASI/ASI and Cadet Leadership Team. The severity of the accountability measure will depend on which type and/or frequency of behavior exhibited. For example: If a cadet commits a small behavior, such as tardiness, a (verbal warning) would be appropriate. However, if the cadet has repeated tardiness a higher measure may be in order.

Cadet Accountability:
The intensity of the issue with a cadet will be handled by a SASI/ASI. If a minor issue occurs the cadet who witnessed the problem or is reporting on it will fill out a “Letter of Counseling” form and turn it into the accountability box or to the Group Superintendent. The Superintendent will decide how to handle the issue and meet with the cadets who are involved and resolve the problem effectively. If the problem within the corps has not improved or is getting worse the Superintendent must work with SASI/ASI and staff to discuss any and other solutions.

CHAPTER 5: Cadet Uniform Requirements

Wearing the Air Force uniform represents a sense of pride, professionalism, attention to detail, leadership, followership, and teamwork. **IT DOES NOT represent the sentiment of recruitment or military service obligation.**

Cadets will **EARN** the right and privilege to wear the Air Force uniforms that will be issued, **free of charge** (cadets will incur for lost or damaged uniform items). The three types of uniforms the cadets will be issued, and will be **MANDATORY** to wear:

- **Air Force Service Dress Uniform:** Service Coat, light-weight blue coat, short-sleeve blue shirt, tie/tab, white V-neck t-shirt, pants/skirt, belt with silver buckle, black socks, flight cap, name-tags (blue and silver), and black shoes
- **Airman Battle Uniform:** Blouse, shirt, pant, belt, sage green socks, boots, name-tag and hat.
- **Air Force PT (CHWP) Uniform:** Air Force t-shirt, shorts, hat, and water bottle.

In order to **EARN** the right to wear the uniform, the cadets must **complete** the following items. These requirements are designed to prepare cadets to answer questions with confidence should they be asked on and/or off campus:

- **CHWP Uniform:** Return Cadet Health and Wellness Form and set personal goals
- **Air Force Service Dress Uniform:** Pass General Knowledge exam on uniform standards.
Uniform Wear Requirements:

Each Wednesday is our designated "Blues Day" or uniform day.
❖ All cadets are expected to properly wear the AFJROTC uniform within military and JROTC standards the ENTIRE school day. If a cadet changes out of their uniform without prior approval from the SASI/ASI, the student’s grade will be changed to a ZERO.
❖ Each Friday is our designated "PT" day. Cadets are expected to wear the issued AFPTU, with appropriate athletic shoes and socks and follow military and JROTC standards.
❖ Cadets are expected to wear their issued ABU and follow military and JROTC standards.
❖ Deviations to the uniform type or schedule will be at the discretion of the SASI/ASI.

Uniform Wear Grading:

❖ Cadets receive a grade (max of 100 points) for each service uniform wear. If cadets show up to class on the designated uniform wear day and are not in the appropriate uniform, they will receive a grade of "0." They must make-up the missing day before the next Blues Day to receive credit. Failure to do so will result in the “0” remaining as the grade.
❖ If a cadet knows he/she will be absent on Blues Day, they should make every effort to wear the uniform prior to their absence. However, to receive any credit, they MUST wear the uniform on the first day back to school. If the absence is excused, and the cadet wears the uniform the following day, they may receive up to full credit.
❖ Friday during our PT uniform wear day, they will receive a grade of "0" if their absence is unexcused. In order to receive credit for the missed PT day, cadets must research a health article and write a one paragraph summary, supplying the article and paragraph before the next PT day and must present their summary in class. Failure to do so will result in the “0” remaining.
**Uniform Inspections and Grading:**

- On Blues Day, cadets will be graded on dress, appearance, and participation. Uniform inspections will take place, with points deducted for dress and appearance discrepancies. Depending on the cadets AS level, higher points will be deducted for each discrepancy.

- On PT Days, cadets will be graded on dress, appearance, and participation. Cadets must participate in PT unless they have a written excuse from a parent/legal guardian or doctor in advance. Not dressing out in AFPTU, will result in a minimum 50-point deduction out of 100 points. Additionally, not participating in PT activities will result in a minimum 50-point deduction out of 100 points. SASI/ASI will be the authority on point deduction.

**Dress and Appearance Requirements:**

Wearing any Air Force uniform combination is a privilege and all cadets MUST strive to present a professional image. Cadets MUST ensure their uniforms are neat, clean, and serviceable and that grooming standards, in accordance with Air Force Instruction 36-2903, are strictly followed. This requirement is mandated by HQ Air Force JROTC and will be adhered to by instructors and cadets.

Keep in mind, many do not know you are high school students, and as such, treat you as a member of the Armed Services. Honoring our service members and those who gave the ultimate sacrifice by properly wearing the uniform and being in appropriate dress and appearance standards should be of paramount consideration.

Cadets are not permitted to wear the uniform except on the specified uniform days and then only during school hours, for AFJROTC activities, and en route to and from school. Cadets desiring to wear the uniform on other occasions must have the permission of the SASI/ASI. Unauthorized wear or the uniform or distinctive items of the uniform is **prohibited** and punishable under federal law. The uniform **will not** be worn if hitchhiking, demonstrations, political rallies, or if assigned to Alternative Education (AE)/In-School Suspension, or at other times that the environment would bring discredit to the AFJROTC unit, program, or the U.S. Armed Services. Non-JROTC insignia, badges, ribbons and accessories **will not** be worn on the uniform. The **official** Air Force name tag, ranks, and badges must always be worn; authorized ribbons must be worn on Service Dress Coat, but are not required while wearing Service Uniform. **DO NOT MIX ITEMS OF THE UNIFORM WITH CIVILIAN CLOTHING.**

❖ Cleanly shaven heads, military high-and-tight or flat-top cuts are authorized. Prohibited examples (not all inclusive) are Mohawk, mullet, cornrows, dreadlocks or etched design. Men are not authorized hair extensions.

❖ Sideburns will be straight and even width (not flared) and will not extend below the bottom of the orifice of the ear opening. Sideburns will end in a clean-shaven horizontal line.

❖ Beards are not authorized unless for medical reasons, when authorized by the SASI/ASI on the advice of a medical official. If allowed, cadets will keep all facial hair trimmed not to exceed 1/4 inch in length. A braid is three or more portions/strands of interwoven hair. When worn, multiple braids shall be of uniform dimension, small in diameter (approx. 1/4 inches), show no more than 1/4 inch of scalp between the braids and must be tightly interwoven to present a neat, professional and well-groomed appearance. Braids must continue to the end of the hair in one direction, in a straight line, and may be worn loose or a secured style within hair standards in paragraph above.
❖ Dreadlocks, (defined as long strands of hair that have been twisted closely from the scalp down to the tips; heavy matted coils of hair which form by themselves, eventually fusing together to form a single dread; or unkempt, twisted, matted individual parts of hair), shaved head, flattops and military high-and-tight cuts are not authorized hairstyles for females.
❖ Hair color, highlights, and frosting must be natural looking hair color for the individual’s hair color (e.g. black, brunette, blond, natural red, and grey).

CHAPTER 6: DRILL

❖ What is Drill: The orderly movement of a formation from one place to another.
❖ Parts of a Command: There are two parts of a command: PREPARATORY COMMAND “FORWARD” and COMMAND OF EXECUTION “MARCH”.
❖ All commands MUST be called from the position of attention. When calling commands, the individual should use their diaphragm to be better heard.

Two types of Drill Movements:

❖ Stationary Movements: Stationary drill consists of drill movements that are accomplished without marching. Attention/Parade Rest/ Left & Right Face/ Present & Order Arms are examples of stationary movements.
❖ Marching the Flight: Drill movements/commands MUST be given at the position of attention. When given the command to march you must step off on your left foot and stay on step with the other cadets in your formation.

Drill Commands

❖ Attention: You must be at this position to call any command. To give the command you must say group, flight or whatever formation name it is Attention (pronounced tench hut) i.e. Flight Attention. To come to the position of attention bring the heels together and in line. Place the heels as near each other as the conformation of the body permits and ensure that the feet are turned out equally, forming a 45-degree angle. Keep the legs straight without stiffening or locking the knees. The body is erect with hips level, chest lifted, back arched, and shoulders square and even. Arms hang straight down alongside the body without stiffness, and the wrists are straight with the forearms. Thumbs are resting along the first joint of the forefinger, along the seams of the trousers or sides of the skirt. Hands are cupped (but not clenched as a fist) with palms facing the leg. The head is kept erect and held straight to the front with the chin drawn in slightly so that the axis of the head and neck is vertical; eyes are to the front, with the line of sight parallel to the ground. The weight of the body rests equally on the heels and balls of both feet, and silence and immobility are required.
❖ **Parade Rest:** This command can be given only when the formation is at the position of attention. The **Preparatory Command** is "Parade," and the **Command of Execution** is "Rest." On the command "Rest," the cadet will raise the left foot just enough to clear the ground and only move their left foot to the left so that the heels are a shoulder length apart. Keep the legs straight, but not stiff, and the heels align. As the left foot moves, bring the arms, fully extended, to the back of the body, releasing the hands in the process, and extend and join the fingers, pointing them toward the ground. The palms will face outward. Place the right hand in the palm of the left, right thumb over the left, to form an X. The hands will be placed behind the back resting on the butt. Keep your head and eyes straight ahead and remain silent and immobile.

❖ **At Ease:** The command is "At ease." On the command, you may relax in a standing position, but you must keep your **right foot in place**. Your position in the formation will not change, and silence will be maintained. Your arms may be relaxed, but your thumbs must also stay interlaced.

❖ **Fall Out:** The command is "Fall Out." On the command, you will do and about face and after completing it you have permission to relax and leave formation. Stay in the area and wait for your next orders or instruction if not already told so.

❖ **Right/Left face:** This command can be given only when the formation is at the position of attention. **Right (Left) Face.** The commands are Right (Left), FACE. On the command FACE, raise the right (left) toe and left (right) heel slightly and pivot 90 degrees to the right (left) on the ball of the left (right) foot and the heel of the right (left) foot, assisted by slight pressure on the ball of the left (right) foot. Keep legs straight, but not stiff. The upper portion of the body remains at attention. This completes count one of the movements. Next, bring the left (right) foot forward, ensuring heels are together and align. Feet should now be forming a 45-degree angle, which means the position of attention has been resumed. This completes count two of the movement.

❖ **About Face:** The command is about, face. On the command FACE (Command of execution), lift the right foot from the hip just enough to clear the ground. Without bending the knees, place the ball of the right foot approximately half a shoe length behind and slightly to the left of the heel. Distribute the weight of the body on the ball of the right foot and the heel of the left foot. Keep both legs straight, but not stiff. The position of the foot has not changed. This completes count one of the movements.
❖ **Present Arms:** This procedure can be performed both during stationary drill and while marching. When not under arms (carrying a rifle), the commands are "Present, arms" and "Order arms." On the command "Present, arms," the individual executes the hand salute. Then the hand salute ends when given the command, "Order arms." **The hand goes up the center of the body and opens at the belly button being placed on the corner of your eyebrow or glasses if you have them.** Place the thumb along the forefingers, keeping the palm flat and forming a straight line between the fingers and elbows. Tilt the palm slightly toward the face. Hold the upper arm horizontal, slightly forward of the body and parallel to the ground.

❖ **Hand Salute:** The command “Hand Salute” is the exact same as Present arms except you put it up and take it immediately down there are no order arms it is all encompassing.

❖ **Forward march:** The command forward March is given to move cadets or get them marching. Anytime you are at a stationary position and need to move cadets forward the command forward march must be given. When given this command you must **step off on your left foot** in order to stay on step with the rest of the formation. While marching you must remain at the position of attention marching forward and having and the arms swing in their natural arcs, **6 inches straightforward and 3 inches to the rear.**

❖ **Double Time:** The Movements for DOUBLE TIME are the same in all services, at a cadence of 180 steps per minute. The difference in execution is in the length of the step which is 30-inch steps.

❖ **Mark time:** marching in place (without moving forward). The command is "Mark time, March." When marching, the command of execution, "March" is given as either foot strikes the ground. For mark time you must stay in step with the rest of the formation. The balls of the feet are raised 2 inches above the ground. Normal arm swing is maintained.

❖ **Half Steps:** On when conducting half steps, the cadet takes one fuller step (24-inch steps) followed by a half step (12-inch step measured from heel to heel), setting the heel down first without scraping the ground. The cadet maintains coordinated arm swing and continues the half step until marched forward or halted.
❖ **Column Right/Left, March:** This command is called on the right foot when turning right and the left foot when turning left. Turning the left is the same (just exactly opposite).

**Fourth Element Leader:** (the person in front of the far-right line of the formation) takes one more step, pivots 90 degrees to the right on the ball of the left foot and suspends arm swing during the pivot. Following the pivot, step off in one normal step and resume coordinated arm-swing. Beginning with the second step after the pivot, take up the half step. Each succeeding member of the fourth element marches the same as the element leader.

**Third Element Leader:** one step pivots 45 degrees to the right on the ball of the left foot and takes two normal steps prior to pivoting again 45 degrees to the right on the ball of the left foot. Continue marching normal steps until even with the fourth element leader then go to half step once there. Everyone else will do exactly as their element leader does.

**Second Element Leader:** one step pivots 45 degrees to the right on the ball of the left foot and takes four normal steps prior to pivoting again 45 degrees to the right on the ball of the left foot. Continue marching normal steps until even with the fourth and third element leader then go to half step once there. Everyone else will do exactly as their element leader does.

**First Element Leader:** one step pivots 45 degrees to the right on the ball of the left foot and takes six normal steps prior to pivoting again 45 degrees to the right on the ball of the left foot. Continue marching normal steps until even with the fourth, third and second element leaders then go to half step once there. Each succeeding member of the first element will do the exact same as the person in front of them. Once the entire formation has changed direction and dress, cover, interval, and distance are reestablished, "Forward, march" is given.
❖ **To the Rear:** The command “To the Rear MARCH”, is given as the heel of the right foot strikes the ground. On the command of execution MARCH, the cadet takes a 12-inch step with the left foot, placing it in front of and in line with the right foot and distributes the weight of the body on the balls of both feet. Then pivot on the balls of both feet, turning 180 degrees to the right, and take a 12-inch step with the left foot in the new direction, with coordinated arm swing, before taking a full 24-inch step with the right foot. While pivoting, do not force the body up or lean forward. The pivot takes a full count, and the arm swing is suspended to the sides as the weight of the body comes forward while executing the pivot, as if at the position of attention.

❖ **Right/Left Step March:** The command “Right/Left Step, March” is given only from a halt and for moving short distances. On the command MARCH, the Cadet raises the right or left leg depending on the direction, from the hip just high enough to clear the ground. The leg will be kept straight, but not stiff, throughout the movement. The feet are spread a shoulder length apart. To halt from the formation the command halt must be given when feet are together. Flight halt is in two counts so “flight” must be called one time when feet are together and “halt” at the next time they are together.

❖ **Right/Left Flank:** The command Right/Left flank, March, is given as the heel of the right or left foot strikes the ground depending on the direction left is called on the left foot and right is called on the right foot. On the command of execution "March," you take one more normal step and pivot 90 degrees on the ball of the lead foot, keeping the upper portion of the body at the position of attention. Then step off with the right (left) foot in the new direction of march with a full step and coordinated arm swing. Arm swing is suspended to the sides as the weight of the body comes forward on the pivot foot. The pivot and step off are executed in one count. This movement is used for a quick movement to the right or left for short distances only. Throughout the movement, maintain proper dress, cover, interval, and distance.

❖ **Change Step March:** The command is “Change Step, March”. When the command “March” is given as the right foot strikes the ground, the cadet takes one more, full step with the left foot. Then in one count, place the ball of the right foot alongside (not behind) the heel of the left foot, suspend arm swing, and shift the weight of the body to the right foot. Step off with the left foot with one step, resuming coordinated arm swing. The upper portion of the body remains at the position of attention throughout.
❖ **Open Ranks:** The command is Open Ranks, MARCH. On the command MARCH.

**Fourth Element:** stands fast and automatically executes dress right dress at normal interval. Each succeeding rank in front of the fourth rank takes the required number of paces, stepping off with the left foot and a coordinated arm swing (all at the same time), halts, and automatically executes dress right dress.

**Third Element:** one pace forward, halts and automatically executes dress right dress.

**Second Element:** two paces forward, halts and automatically executes dress right dress.

**First Element:** three paces forward, halts and automatically executes dress right dress.

❖ **Close Ranks:** To close ranks when at open ranks, the command is Close Ranks, MARCH. On the command MARCH, the first element stands fast. The second element takes one pace forward with coordinated arm swing and halts at the position of attention. The third element takes two paces forward with coordinated arm swing and halts at the position of attention. The fourth element takes three paces forward with coordinated arm swing and halts at the position of attention.

CHAPTER 7: CADET EVALUATION & PROMOTION

GENERAL: In the FL-023 program, cadet ranks parallel those of the active Air Force. Ranks are awarded based upon performance and possible additional future responsibilities. When using ranks in the AFJROTC program, the word “cadet” will always be used to ensure it is cadets being referred as cadets and not members of the armed services.

LIMITATIONS: Cadet Ranks are limited based upon the amount of enrollment in the program. At current manning levels, the maximum rank attainable within FL-023 is Cadet Colonel, which is the highest attainable rank for AFJROTC. Distribution of ranks within FL-023 will also parallel that of an active Air Force unit. In other words, we will ensure we do not have too many officers for enlisted within our ranks.

PERMANENT RANKS: All cadets are assigned a permanent grade commensurate with the number of AFJROTC years satisfactorily completed. These ranks are awarded based on in-class activities. The highest attainable permanent rank, based on Aerospace Science (AS) level is as follows:

a. AS100 cadets: Cadet Airman First Class  
b. AS200 cadets: Cadet Senior Airman  
c. AS300 cadets: Cadet Staff Sergeant  
d. AS400 cadets: Cadet Staff Sergeant

TEMPORARY RANKS: Temporary ranks and promotions are based on positions included in the FL-023 Corps of Cadets. Upon completion of the position, cadets will revert to their earned permanent rank unless selected for another position that offers a temporary rank.

EVALUATION PROGRAM: To ensure fairness and equity in promotions and ranks/positions, a comprehensive evaluation program, like the active Air Force, will be implemented.
EVALUATION PROCESS: As part of the Evaluation Program, each cadet will receive the following items during the prescribed times.

- Initial Feedback: Within 20 days of the beginning of each Semester. The Initial Feedback session is to outline expectations of cadets during the semester and is utilized in the performance evaluation process.
- Midterm Feedback: At the conclusion of the 1st and 3rd Quarters. The Midterm Feedback session is for leaders to provide written communication to cadets on their performance, to date, based on expectations outlined during the Initial Feedback session.
- Performance Evaluation: Toward end of 2nd and 4th Quarters. The performance evaluation forms will be completed and utilized to determine promotion potential and future position/rank assignments.
- In all cases, the SASI/ASI will review, provide comment/feedback, and sign all feedback and evaluation forms.
- The evaluation process shall begin when the SASI/ASI staff provides feedback or an evaluation of the cadet group commander. The chain of command will be followed in determining who will complete feedback and evaluation forms. Those cadets not assigned a temporary position will have their feedback and evaluation completed by their Flight Commander/Sergeant.
- Any disagreements among the rating officials will be discussed and resolved with the SASI/ASI.

COMMAND AND STAFF: The SASI/ASI will determine the cadet Group Commander. The cadet Group Commander, in consultation with the SASI/ASI, may select subordinate commanders and Group staff.

PROMOTIONS: Cadets are promoted as a result of proven performance, promotion testing and potential for assumption of additional responsibilities. The promotion cycles in FL-023 occur at the end of each grading quarter/semester or whenever it is deemed appropriate.
PROMOTION PROCEDURES: Upon completion the performance evaluation forms, commanders at all levels will prepare a memorandum for the cadet group commander and ASI staff, with their recommendations. See the below document for required information.

BELOW-THE-PROMOTION ZONE (BPZ) / STRIPES FOR EXCEPTIONAL PERFORMERS: Under circumstances where cadets are performing in a superior fashion, commanders may recommend to the cadet Group commander and SASI/ASI, cadets who deserve accelerated promotion. Deserving cadets who are cadet airmen (AB through A1C) and officers (2nd LT-LTC) may be promoted under the BPZ program, whereby cadets who are SrA-SMSgt may be promoted early under the STEP program. These promotions will be conducted at the end of the 1st and 3d quarters, using the Midterm Feedback Worksheet and below letter format. Note that only 5% of the TOTAL cadet corps may be promoted under this program per quarter.

DEMOTIONS: Cadets will not normally be demoted. However, in instances of egregious behavior or conduct detrimental to the corps of cadets (constant lack of responsibility), a cadet may be demoted at the discretion of the SASI/ASI. This process may be as the result of behavior noted personally by the SASI/ASI or as the result of recommendations arriving at the staff through the Cadet Accountability Board (CAB). Cadets who are demoted will have a Memorandum for the Record (MFR) inserted in their cadet records documenting the demotion and its cause. The MFR will be removed when and if the cadet returns to good standing, normally at the end of the next grading/promotion cycle.
Promotion Process

Permanent Promotion:
Given to cadets in the corps who show integrity first, service before self, and excellence in all they do. In order to be promoted a cadet must be on track with the unit goals as well as their own. To be promoted your evaluator will recommend you for your next rank if:

❖ **C/Airman Basic:** All cadets joining AFJROTC will receive this rank.
❖ **C/Airman:** Cadets who have been part of the corps for one semester. Are on track with the unit goals as well as their own (academic, fitness, community service, etc.). All 1’s in conduct with no disciplinary actions such as referrals or AE. They also need to have scores of acceptable or higher on their final evaluations.
❖ **C/Airman First Class:** Cadets who have been part of the corps for one year. Are on track with the unit goals as well as their own. All 1’s in conduct with no disciplinary actions such as referrals or AE. Have no lower than acceptable scores on their final evaluation.
❖ **C/Senior Airman:** Cadets who have been in the corps for two years. Are on track with the unit goals as well as their own. All 1’s in conduct with no disciplinary actions such as referrals or AE. Have no lower than acceptable scores on their final evaluation.
❖ **C/Staff Sergeant:** Cadets who have been in the corps for three years. Are on track with the unit goals as well as their own. All 1’s in conduct with no disciplinary actions such as referrals or AE. Have no lower than acceptable scores on their final evaluation.

**NOTE:** If a cadet does not receive a final evaluation, by their evaluator, they must fill out a self-evaluation and have it reviewed and signed by their element leader for approval.

An officer’s position means additional responsibility, and the ability to exercise authority over subordinates. Along with this authority, is an increased amount of responsibility and humility. Cadet officers MUST set the right example for all cadets, whether in or out of school. FL-023 cadet officers will have the honor of taking the following Oath prior to assuming the officer rank:

**FL-023 AFJROTC OFFICER OATH**

Selection of Honor Flight and Cadet of the Month:

Honor Flight is awarded to members of the outstanding flight based on the results of academics, attendance, uniform inspections, drill evaluations, event participation, and overall behavior. The IG and his/her staff will assist in tracking these items and will provide results to SASI/ASI. Honor Flight will be selected each semester.

Flight Commanders/Sergeants will nominate one AS100, AS200, AS300, & AS400 as Cadet of the Month from each flight, if they have someone to recognize. Saluting Policy and Cadet Authority:
In the Air Force one of the most important customs and courtesies is the hand salute. It is the oldest of Air Force customs and courtesies and in its simplest form, is a greeting.

WHEN IN UNIFORM, CADETS ALWAYS SALUTE THE SASI AND ASI.
The cadet with the lower rank, salutes first and holds the salute until it is returned, and the hand lowered by the cadet of higher rank. Saluting is part of leadership training and must be done properly. There is only one way to properly salute, and you are expected to salute as you are taught in class.

❖ Always salute from the position of attention, whether you are standing still or moving.
❖ All cadet officers are saluted by ALL cadet airmen, NCOs and cadet officers of lower rank.
❖ Saluting is only done outdoors except when reporting in the classroom or reporting to the SASI/ASI.

Cadet Officers and NCOs are authorized to give orders to cadets holding lower ranks so long as they are not illegal, immoral, or unethical. Cadet Officers/NCOs should politely advise cadets if they are out of uniform or displaying unacceptable conduct.

Apart from Flight Commanders, who have the right to make seating charts, Cadet Officers and NCOs do not have authority to change leadership positions, excuse other cadets from classes or formations, or to change any existing orders, directives, or regulations. Recommendations must be made to and approval received from the SASI or ASI prior to any such action.

*No Saluting policy in FL-023 however, cadets must understand the importance of saluting Officers/SASI/ASI*
CHAPTER 8: CADET ORGANIZATION/JOB DESCRIPTIONS

The following individual duties, responsibilities and descriptions outline the "key and essential" positions of FL-023. Each position includes the appropriate AS level, and a beginning temporary rank and the highest attainable temporary rank.

Organization of FL-023

1. The diagram below is a depiction of the Group organization structure of FL-023. This organization breaks down the functions of the corps into specialized tasks. The responsibilities associated with these tasks are found in detail in the following pages. Each cadet should study all the job descriptions as they relate to the organizational chart to gain a more complete understanding of how the various functions relate to the total function or mission of the corp.

2. Examination of the organizational chart shows not everyone will serve in a leadership position. A system exists (the promotion system) to ensure that cadet leaders are chosen carefully. Information relative to promotions is contained in a separate chapter.

3. Closer examination of the chart will show a “Chain-of-Command” reflected by the black lines connecting the cadet functions or positions. Information, guidance, and decisions should flow “down” the chain-of-command in the form of orders, either oral or written, through all intermediate levels of command. Information, advice, and recommendations should flow “up” the chain-of-command through all intermediate levels of command.

4. To progress up this chain-of-command, each cadet should strive to learn the duties and responsibilities of each position on the chart. If you are selected for one of the leadership positions, fulfill that position to the best of your ability and there will be room for you to move “up” the chain-of-command.
## Unit Detail Listing (UDL)

Depending on growth of the program, positions may be added/deleted, and ranks may be lowered.

Version: 3 August 2019
**AFJROTC GRADUATION CORD**

Cadets who have _successfully completed 4 years_ of AFJROTC will earn a _blue/silver_ cord to be worn at graduation.

**Certificates of Training and Completion**

There are two types of certificates that may be awarded to AFJROTC cadets: The Certificate of Completion and the Certificate of Training.

**CERTIFICATE OF COMPLETION**

Requirements:

- Must have passing grades in every credit granting period of the AFJROTC Program for three full years.

Benefits:

1. Cadets may be excused from either year of the General Military Course (GMC) of the Senior AFROTC Program. This must be arranged with the Professor of Aerospace Science (PAS) at time of enrollment in a college or university.
2. Cadets may be promoted to the paygrade of **E-3** upon graduation from Basic Military Training if enlisting in the Armed Forces (E-2 for USMC and Army). This places the cadet ahead of all other personnel enlisting at the same time, and theoretically makes the cadet eligible for promotion earlier than other enlistees who enter at the same time.

**CERTIFICATE OF TRAINING**

Requirements:

- Must have passing grades in every credit granting period of the AFJROTC Program for two full years.

Benefits:

1. Cadets may be excused from one academic term (semester or quarter) of the General Military Course (GMC) of the Senior AFROTC Program. This must be arranged with the Professor of Aerospace Science (PAS) at time of enrollment in a college or university.
2. Cadets may be awarded certificates even if they do not graduate high school since the certificate is based only on AFJROTC performance.
CHAPTER 11: CADET HEALTH & WELLNESS PROGRAM

Each Friday is Physical Training (PT) Day. It is always advisable to consult your physician prior to initiating any regimented exercise program. All cadets must have a fitness and parental consent form signed and on file before participating in the JROTC Fitness Program. All medical conditions identified on the medical consent forms are communicated to and copies are provided to Deland H.S. Clinic personnel in case of an emergency. Cadets who have medical conditions will be monitored always. Both the SASI and ASI are certified in CPR. Cadets are required to have inhalers, EPI-PENS, etc. readily available in case of emergency. Although AFJROTC does not have cadet weight or physical fitness standards, we encourage cadets to establish their own physical fitness training program. Cadets enrolling in a college ROTC program, service academy, or those enlisting in a military service, will have to attain and maintain weight and physical fitness standards.

The physical fitness training program will include numerous activities and a personal fitness regimen with attainable objectives.

All cadets must dress out in the Air Force Physical Training Uniform (AFPTU): FL-023 PT T-shirt, shorts, hat, water bottle, and personal socks and tennis shoes.

On Physical Training days cadets are graded on the following two items: dress out in appropriate AFPTU and participation in PT activities. Cadets must participate in PT unless they have a written excuse from a parent/legal guardian or doctor. Not dressing out in AFPTU, will result in 50 points deducted out of a 100 point-formative grade. Additionally, not participating in PT activities will result in 50 points deducted out of a 100-formative grade. If cadets do not dress out in AFPTU they are still required to participate.

PHYSICAL FITNESS TEST (PFT):

Cadets will be tested on the Physical Fitness Test at least three times per year. The first test, scheduled within 45 days after school begins, serves as a baseline. Subsequent tests show improvement/areas needing work. This will be completed according to AFJROTC standards. During the PFT, if a cadet receives a percentile score of 80-89 they will earn a Bronze Star to be worn on the PT Ribbon, a percentile score of 90-99 will earn a Silver Star to be worn on the PT Ribbon and a perfect 100 percent earns the Gold Star to be worn on the PT Ribbon.
CHAPTER 12: COMMUNICATION

All cadets invited to attend should be in attendance or have a designated representative. Meetings are held during lunch or after-school. Cadets required to attend should be notified 3 days in advance as possible of the meeting. A notice will be placed in the announcements prior to the meeting. Those required to attend must be present unless prior approval of absence is granted by the SASI/ASI or Group CC/DEP/SUP. The procedures for Group meetings will be:

❖ The Group Superintendent will be responsible for setting up the room for all staff meetings. He/she is also responsible for maintaining order outside the classroom.
❖ All meetings will begin and end with the cadets being called to “Attention”. The Commander/OIC will give the command “Seats” and the meeting will begin.
❖ The SASI or ASI will be present and brief at all meetings. It is the responsibility of the Commander to ensure that time is made for this briefing.
❖ Meeting minutes will be taken and published within 24-hours by the executive officer, OIC, or NCO.

COMMUNICATION METHODS:
Weekly emails about upcoming school or JROTC events will be communicated via the following means: parent/cadet school email list, JROTC website http://delandhs.org/afjrotc, Instagram, or a letter sent home. We will make every effort to communicate what is going on in the corps; however, it’s YOUR responsibility to ensure your parents know what is passed on during class. USE YOUR PLANNER!!!

Cadets will be provided an AFJROTC Planner, which is to be brought to class daily. Cadets are required to share information about AFJROTC, and other classes, at least once per week with their families to ensure they are informed about what is taking place in AFJROTC and at DHS.
**Cadet Communication:** The Main Source of Cadet Communication is the Microsoft team’s app. As a part of being a Volusia county school student we all have access to Microsoft Teams. Use your Alpha code email and password to log in. Instructors and other cadets are present in these chats so **watch what you say** and keep teams for **strictly business**. The app can be downloaded on your **Vportal** or phone. Make sure you have notifications turned on in the app as well as downloading the app on your phone ensures better communication. Assignments will be placed here by instructors so it is **MANDATORY** you have the app on your phone or your computer.

The following are our social media accounts. Cadets should make every effort to belong to one or more:
